Purity Rating	Total Removal
Carbon Filter Life	30 days max. (6 filters incl.)
Power	580W
Dimensions (cm)	23(W) x 36(H) x 40(L) (incl. 4 litre glass bottle).
Safety	Model MH943/S has passed CE & AS/NZS 3350 Safety Standard. Approved for Medical Use.

Steam Purified drinking water results in creating the healthiest, pH Neutral and bio-available water beneficial for your body.

The Spring Flow™ Steam Distiller Removes Fluoride!

Distillation eliminates all contaminants of concern to the user (including agricultural sprays and medical residues) from **all water supplies.**

*Manufacturers Warranty. Terms & Conditions apply.

Spring Flow™ Steam Distiller

How Does it Work? See Diagram 2

- ① **Water is heated to boiling and converted to steam.** All impurities are left behind in the boiling chamber (See Diagram 3).
- ② The steam is sent through the internal cooling coil - causing the steam to condensate to water in a pure form.
- ③ The pure water is collected within the 4 litre capacity glass storage jug.

Diagram 3

Example of the deposits within the boiling chamber after distillation.

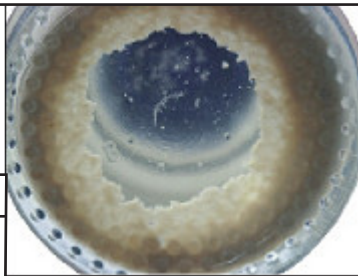

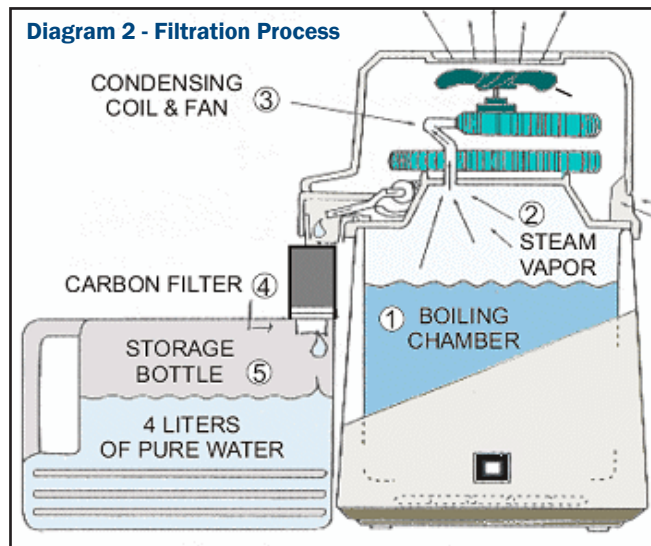

Diagram 4 - Parts and Extras

Your Spring Flow Stainless Steel Steam Distiller includes:

- A** High grade glass jug
- B** Descaler & Cleaner (480g bottle)
- C** Replacement Carbon Sachets (x 6)

Diagram 2 - Filtration Process

Features

- ✓ Easy to operate - just fill, plug in and go!
- ✓ Portable Unit - no installation or plumbing required
- ✓ Stainless Steel housing & internal parts
- ✓ Automatic shut off upon completion of filtration cycle

Benefits

- ✓ Suitable to be used on all water supplies.
- ✓ Distilled water's unique properties allow it to absorb and remove toxins and wastes from your body, making minerals and vitamins from your food easily absorbable.
- ✓ Pure steam distilled water can assist all health-giving biological processes such as detoxifying, joint mobility, allergies, digestion, waste elimination and blood circulation.

Available Independently: Replacement Carbon Sachets (Box of 12) and the Descaler & Cleaner (480g bottle).
