

### Instant chilled filtered drinking water

“ An endless stream of refreshing chilled or ambient filtered water. ”

Round Slimline Dispenser

Optional Square Profile Dispenser

Alpine 125 Dual Temp Dispenser

#### —Lowest Energy Consumption

The Billi Alpine utilizes Billi's unique high performance Thermostore tank, which features superior insulation to keep the water cold, and ensuring less energy is used during the chilling process. In addition the Alpine 125 model has Standby Mode which will ensure after set period of non-usage the unit will power down to prevent excess energy consumption.

#### —Australia's smallest underbench footprint

With dimensions of just 340mm high by 180mm wide by 460mm deep, this under bench unit is designed to maximise available space under the sink.

#### —No cupboard ventilation required

The Billi Alpine models do not require cupboard ventilation grilles and fans.

#### —Adjustable chilled temperature

A simple adjustable control knob allows the chilled water temperature to be raised to 15 C or lowered to 6 C for perfectly chilled, refreshing drinks, with your required temperature being quickly reached and maintained.

#### —Chilled & Ambient option available

The Billi Alpine 125 dispenses chilled and ambient through the Billi dual temp dispenser.

#### —Endless supply of filtered water

The Billi Alpine models will continue dispensing ambient filtered water after the chilled tank is fully drawn.

#### —Choice of Styles

The Billi Alpine 060 and 120 are available with an optional square profile slimline dispenser. The Billi Alpine 125 is available in any of the dual temp dispenser styles

#### —Australian designed, manufactured and owned.

# Alpine Specification Sheet
